

Name	Phone	E-mail
Site address	Country	Date

1. Installation type

- ☐ Renovation on existing frame
 ☐ Full removal (in the reveal)
 ☐ Face-fixed (internal insulation)
 ☐ New build
- ☐ Not sure: send a photo

2. How to measure

- 1 Measure from masonry to masonry (reveal). Renovation: inside of the existing frame.
- 2 Width at 3 points, height at 3 points: write down the SMALLEST value.
- 3 Do not deduct anything: give raw sizes, we calculate the manufacturing size.
- 4 Opening direction and handle side: always seen from INSIDE the room.
- 5 Reveal depth: from the inner edge of the wall to the old window (lining included).

3. Your windows and doors

Ref. / room	Qty	Type	Sashes	Handle L/R	Min. width	Min. height	Reveal depth	Shutter Y/N	Notes

Type: W = window · FD = French door · S = sliding door · FX = fixed · D = entrance door · Handle L/R seen from inside · mm

4. Finish

- Material**
☐ PVC
 ☐ Alu
 ☐ Wood

☐ White
 ☐ Colour 1 side: _____
 ☐ Colour 2 sides: _____
- Glazing**
☐ Double
 ☐ Triple
 ☐ Obscure
 ☐ Safety
- Options**
☐ Glazing bars
 ☐ Trickle vent
 ☐ Roller shutter
 ☐ Insect screen

5. Photos

For each item: 1 photo inside + 1 outside, with the tape measure visible. Send them with this sheet.

Before manufacturing we send you a dimensioned drawing to approve and sign. Production starts only on approved sizes.
